Manager: Brandywine Global Opportunistic Fixed Income

Benchmark: CITI WGBI

Asset Class: Global Multi Sector

Role in Portfolio: Growth Assets

Description: Brandywine undertakes a macro-economic analysis on a country-by-country basis in order to rank opportunities according to real interest rate levels. Inflation trends, political risks, monetary trends, business cycle, and liquidity measures are all considered. Further analysis is centered on those countries that exhibit the highest real interest rates with sustainable economic conditions. Currency valuations are then examined relative to historical averages and differentials to determine if that valuation supports an investment. The majority of investments are allocated to sovereign government debt. When credit spreads are perceived to be a compelling value, however, Brandywine may allocate to spread sectors such as mortgage-backed securities and corporate bonds. Duration is determined at the country level, although adjustments may be made at the portfolio level according to the overall outlook.

Manager: Loomis Sayles Multi Sector Full Discretion

Benchmark: Barclays US Govt/Credit

Asset Class: Global Multi Sector

Role in Portfolio: Growth Assets

Description: The Multisector Full Discretion strategy seeks to exploit the complete range of global fixed income insights generated by the Loomis Sayles Fixed Income organization with return maximization as the primary objective. Benchmarks do not play a significant role in constructing the portfolios. Guidelines are very flexible providing the opportunity to pursue investment ideas in a wide range of global fixed income sectors. Investment flexibility authorizes significant non-dollar, emerging markets and convertible debt investments. Opportunistic investments in these non-benchmark sectors are incorporated to manage portfolio credit quality and for total return contribution.

Manager: Franklin Templeton Global Multi Sector

Benchmark: Barclays US Govt/Credit

Asset Class: Opportunistic Fixed Income

Role in Portfolio: Absolute Return

Description: The global bond team employs a bottom-up, research-driven investment process characterized by fundamental research of investment opportunities. The firm seeks values-driven entrepreneurial teams and looks for positive impact business models that can simultaneously scale impact and financial results, most often seen in impactful product and service delivery.

Manager: Canvas Distressed Fund

Benchmark: HFRI Event Driven: Distressed/Restructuring Index

Asset Class: Private Markets/Oppportunistic

Role in Portfolio: Growth assets

Description: Canvas Distressed Fund will invest in Brazil-focused single name distressed corporate debt and judicial claims (federal claims and quasi-government claims). The Fund intends to buy single name corporate debt at steep discounts. Canvas does not attempt to restructure distressed companies; it will instead sell or auction the debt's collateral assets to recover value. The Fund will also invest in federal claims, which are referred to as Precatorio, and quasi-government and private claims against entities such as the state-owned utility companies. This strategy benefits from several key macro factors in Brazil: High interest rates, shrinking credit facilities, lack of large investment management competitors post 2008-09, a drastic increase in corporate bankruptcies, and reduced foreign direct investment following the 2015 Brazilian debt downgrade.

Manager: HCAP Partners IV LP

Benchmark: Private Equity Benchmark

Asset Class: Private Markets/Oppportunistic

Role in Portfolio: Growth assets

HCAP provides mezzanine debt structured equity for underserved, high growth, small-to-medium sized companies ("SMEs") throughout California and the Western United States. Fund IV seeks to invest \$2 million to \$10 million in established companies in the lower middle market (\$10 million to \$100 million in revenues) in the healthcare, software, services and manufacturing industries. The Fund seeks to create and facilitate a positive impact on underserved businesses, their employees and their communities using its proprietary "Gainful Jobs Approach," an operational impact framework for improving job quality at portfolio companies. The HCAP team expects the portfolio to consist of approximately 75% subordinated debt with warrants and 25% preferred equity.

Manager: Generation IM Sustainable Solutions Fund III

Benchmark: Private Equity Benchmark

Asset Class: Private Markets/Oppportunistic

Role in Portfolio: Growth assets

Generation believes that we are in the early stages of a systemic, secular, multidecade transition to a sustainable economy, and will use their unique deep-dive sector roadmaps to identify investment opportunities to assist with the transition. They will focus on private growth stage opportunities with broad sustainable solution themes, which they define as providing goods and services for a low-carbon, prosperous, equitable, healthy and safe society. The Fund will invest across sectors including transportation, agriculture, energy, industrials and consumer, and will invest primarily in North America and Europe.
